

Basel, December 2003

Ladies and Gentlemen,

Thank you very much in giving us your doubt of the moment every time we are putting forward the latest (monthly) Newsletter EAP edition. The December 2003 letter shall be combined with our January 2004 news digest as we have faced some changes in our team. This has meant extra briefings and administrative changes at our small and lean newsdesk.

We are hoping to continue our services like we did in the past three years.

Thank you again for lending us your ear also in 2004.

Happy New Year

Yours

Newsletter *EAP* team
